Secretary's Office, 89 Third Ave., New York.

The Association of American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall be as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and exchange of experienced employees.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members. Such aid shall be mutually satisfactory, desirable or advisable, and by other means as may, from time to time, be shown to be proper and lawful.

\$100 Reward will be paid by the Association for the arrest and conviction of any person or persons engaged in public collecting or canvassing for any fake directory.

Preface.

The Manitoba and North-West Gazetteer is an exposition of the present conditions of the most vigorous and progressive districts of the Dominion of Canada, namely, the Great North-West.

It contains a descriptive sketch of every city, town, village and settlement in the Provinces of Manitoba, Alberta and Saskatchewan, and of Western Algoma and Eastern British Columbia, showing the exact geographical location of each, the section, township and range, railroads and watercourses in which the place is situated, or the nearest points to well-known centres, the population, telegraph, express, churches, school houses, colleges, and all matters of importance.

In this volume are described 1717 cities, towns, villages and settlements, covering an area of 400,000 square miles, extending from the Great Lakes to the Rocky Mountains, and embracing a combined population of over half a million.

It can be clearly seen that the production of this work, covering as it does so large an area, has been an enormous outlay of capital and labor. We have endeavored to obtain the best information possible, and embody it in a form that will be useful to the business and professional men. We have also endeavored to make the work as concise as possible, leaving out all that would make it bulky without detracting from its value.

An experienced staff has been engaged for several months in the gathering and compiling of the data, and have yielded valuable information to thousands of subscribers and other persons throughout the country who use the work.

The Use of The Gazetteer is becoming more general every year and its importance as a business factor is now universally recognized. There is nothing more conducive to the development and extension of commerce than an easy means of communication such as is afforded by a complete and reliable Gazetteer. It is an unexcelled medium for use in the sale and purchase of goods, and every business man is entitled to the opportunities which it offers for the classification of his wares and for keeping his card where it may be found at all times for those who seek such information.

While The Gazetteer is of great value in extolling the resources of the country, and is of great public value in advertising the country and inducing immigration, yet it has been published entirely by private enterprise without official aid from the districts which are primarily benefited by its publication. No bonus or subsidy has been asked from the government.

HENDERSON DIRECTORIES, Limited.

Winnipeg, August, 1905.

Synopsis of Contents.

Miscellaneous Information Department.—Pages 21 to 64 contain a vast amount of information pertaining to Manitoba, Alberta and Saskatchewan, and is revised up to date. This portion of the Gazetteer includes the Dominion Government, the Provincial Legislatures, Courts and Sittings, Land Titles Offices, Registration Districts, Municipal Offices, Board of Trade, Police Magistrates, Boards of Health and Inspectors, License Commissioners and Inspectors, Foreign Consuls, Provincial Institutions, Educational Department, including Provincial and other Colleges, Public Schools, Hospitals, Asylums, Churches, Live Stock, Horse Breeders and Dairy Associations, Farm Institutes and Agricultural Societies, Elevators and their capacity.

Gazetteer Department.—Occupies pages from 66 to 1260, and gives a descriptive sketch of each city, town village and settlement, including items of interest which are indispensable to every business man, such as location, population, distance to different points, industries of the different places, products that are marketed. The names of the postmasters will be found following the sketch in each place, as well as the names of all business and professional persons located there.

Classified Business Directory.—Takes up pages 1261 to 1300. In this department all business and professional names referred to above are grouped under their different lines of business, thereby bringing all in each line under one heading alphabetically arranged according to towns, which is a most convenient means of bringing the producer, wholesaler, retailer and consumer in touch with one another.

Advertising Department.—A glance at the colored page advertising sections, as well as the recurring advertisements throughout the book, speaks volumes for the acumen displayed by the business community in securing publicity of a very high standard and attractiveness, and enables the publishers to present a publication which gives a most comprehensive view of the industrial greatness of Western Canada.

1903	1,534	57,408	2,061

The above includes the Roman Catholic
schools, working under "The Manitoba
Public Schools Act."

THE UNIVERSITY OF MANITOBA.

Broadway, West of Kennedy Street.

The University of Manitoba, established by the Act of the Local Legislature in 1877, has the sole power of conferring Degrees in Arts, Law, and Medicine, in the Province of Manitoba.

Degrees in Divinity may be granted by the various colleges affiliated with the university, provided that all candidates for the Degree of Bachelor of Divinity, not graduates of this or any other university, shall have passed a satisfactory examination on the subjects of the first and second years in Arts, as prescribed by the University, Greek being compulsory; and such graduates in Divinity have in the University the same rights and privileges as other graduates.

The government of the University is vested in the chancellor, appointed by the Governor-General-in-Council, and a council of fifty-five members composed of representatives from each of the affiliated colleges, the members of Convocation, the College of Physicians and Surgeons of Manitoba and the Provincial Government.

The general superintendence of all examinations is entrusted to a board called the Board of Studies, composed of members of the Council, elected annually, as follows: Two by each of the affiliated colleges in Arts, two by the graduate representatives, one by the College of Physicians and Surgeons of Manitoba, one by Manitoba Medical College, and one by the Council.

It is the duty of the board also to report to the Council, when they see fit, on the studies of the University, and other matters connected therewith, and generally to discharge all duties that may be assigned them by the Council.

Members of the Board, 1904-1905.

WINNIPEG POLICE COMMISSIONERS

Chairman, His Honor D. M. Walker, County Court Judge T. Mayne
Daly, Police Magistrate.
His Worship Thomas Sharpe, Aldermen Cockburn and Sandison.
A. A. Aird, Secretary of the Board.

POLICE DEPARTMENT

Police Station, corner James and King Streets
Chief, John C. McRae; Inspector, Wm. Munro, Sergeants, W. J. Leach, Ed.
Blair and A. G. Robertson; Patrol Sergeant, Frank Kerr; Detectives, C.
A. Chatterson, Eli Stodgill, Philip Stark, Malcolm Stewart, Jacob Seal,
Theodore Stefanlek and thirtythree Patrolmen.

FIRE DEPARTMENT.

The Winnipeg Fire Alarm System is owned and operated by the City
It comprises 45 miles of overhead wiring, 117 street boxes, and E. M.
gongs in each of the Fire Stations, Waterworks, Chief's Residence, etc.
There are five box circuits and two gong circuits. The boxes are of the
Gamewell type. The system is arranged for either automatic or man-
ual operation. Storage batteries are used for current supply. Operators
on duty day and night. Alarms can be given by telephone by calling "100."

The fire department is an uniformed one and the number of men compos-
ing the brigade and the equipment of the department are as follows:

1 Chief	6 Chemical Engines.
1 Assistant Chief.	11 Hose Wagons
9 Captains.	2 Aerial Hook and Ladder Trucks
9 Lieutenants.	with 65 foot Water Towers.
6 Engineers.	2 Hook and Ladder Outfits.
6 Assistant Engineers.	1 Deck Turret
26 Hosemen.	2 Glazier Nozzles.
26 Drivers.	2 Jumping Nets
12 Laddermen.	27 500 foot Fire Hose.
1 Secretary.	664 Fire Hydrants.
54 Horses.	95 Miles of Water Mains.
7 Steam Fire Engines.	

WINNIPEG NEW WATERWORKS.

The pumping machinery consists of three pairs of pumps, each capable of
pumping ten million gallons in twentyfour hours. Two pairs will pump
from wells to softening plant, the other pair from softening plant res-
ervoir to the city main. The engines are of the most modern type.

The boilers for supplying steam to the pumping and electric lighting
engines are five in number, with superheaters and mechanical stokers.

The total of water main, December 1904, was 95 miles.

WINNIPEG BUILDING RECORD

Winnipeg Building Record for the year 1904—\$9,767,300—exceeds that of all other Canadian cities by several millions, and is nearly \$4,000,000 in advance of its own of the previous year, when it reached \$5,825,000, a record figure at that time.

The figures in detail are as follows:

Month	Permits	Bldgs	Cost
January	18	30	\$47,200
February	24	45	113,000*
March	99	156	694,100
April	284	404	1,190,350
May	312	390	1,294,450
June	245	307	2,826,200
July	161	190	500,300
August	182	229	935,400
September	150	173	588,650
October	195	241	1,056,200
November	80	95	276,150
December	37	45	145,300
Total 1904	1,787	2,305	\$9,767,300
Total 1903	1,215	1,574	\$5,825,000
Total 1905 to July 31			\$7,768,500

The Winnipeg Grain Exchange is by far the largest and most important one in the Dominion of Canada to-day, and steps are being taken by its members toward the immediate construction of a more commodious exchange building in which to more satisfactorily handle the ever-increasing volume of business created by the enormous crops of Manitoba and the Northwest Territories.

Although the Exchange's future trading market was but inaugurated in February, 1904 its quotations are regularly supplied by the telegraph companies to the leading grain and produce associations of Canada and the United States, upon whose operations they exert a most powerful influence.

President, John Love.
Vice-President, Capel Tilt.
Secretary-treasurer, C. N. Bell.

Council.

A. R. Hargraft, Jno. Fleming, Hugh N. Baird, W. J. Bettingen, W. H. McWilliam, J. C. Gage, W. A. Black, Alex. Cavanagh, G. R. Crowe, W. L. Parrish and Robt. Muir.

Arbitration Committee.

CUSTOMS DUTIES COLLECTED.**PORT OF WINNIPEG.**

The amount of duty collected at the port of Winnipeg during the year 1901 was \$2,725,160.84, an increase of nearly half a million dollars compared with the year previous. The number of customs entries for the fiscal half year ending Dec. 31 was 27,613, compared with 25,176 for the corresponding period of 1903, an increase of 2,437 for the year. The amounts collected each month during 1903 and 1904 are subjoined:

	1903.	1904.
January	\$139,976.94	\$194,734.54
February	123,032.52	157,988.47
March	165,978.52	210,717.68
April	167,448.35	205,345.87
May	159,122.75	192,569.06
June	228,036.83	367,642.56
July	266,347.00	288,599.91
August	242,627.13	256,628.70
September	216,894.95	231,312.00
October	195,456.62	192,913.75
November	153,831.67	216,605.41
December	195,809.31	210,102.70

\$2,252,563.34 \$2,725,160.84

Duty collected, 1903 2,252,563.34

Increase in 1904 \$ 472,597.50

Number of entries for the six months ending Dec. 31, 1904 27,613

For the same period in 1903 25,176

Increase, 1904 2,407

Gazetteer and Directory

For 1905

In the following section of the work, the cities, villages and post-offices are arranged in alphabetical order. A descriptive sketch is given of each place, with an alphabetical list of all persons doing business therein. In all the large places information has been procured by personal canvass, but in the smaller, it has been furnished by correspondents. Great care has been taken to insure correctness, as well as completeness.

A town on the main line of the C P.R., 81 miles west of Calgary, 919 miles west of Winnipeg, 516 miles east of Vancouver. It is a medicinal watering place and pleasure resort, the altitude being 4,500 feet at the C.P.R. station. The government meteorological station on summit of Sulphur Mountain is at altitude of 7,455 feet.

The town is headquarters for the "Rocky Mountain Park," the Canadian National Park, and covering an area of 5,300 square miles or over 3½ million acres. It extends from near Morley on the east to near Palliser (B.C.) on the west, there being 103 miles of the main line of the C.P.R. within the park which embraces parts of the Valley of the Bowspray and Cascade Rivers, Yoho Valley, Devil's Lake, and several noble mountain ranges. The government appropriation is \$40,000 annually for improvements, of which there are now 75 miles of roads and bridle paths. The park revenue for

The unparalleled beauty of the scenery, the salubrity of the climate, and the numerous means of enjoyment available, render Banff the most charming and bracing health resort in America.

"OPEN ALL THE YEAR"

The Sanitarium Hotel

The Sanitarium, which is beautifully situated, overlooking the Bow River and its lovely and romantic valley, is elegantly fitted with every appointment calculated to bring pleasure and comfort to the tourist or invalid.

A Private Hospital is in close proximity to the Sanitarium, and presided over by trained nurses.

A commodious Bath House adjoins the hotel, and is supplied with water brought direct from the celebrated Hot Springs, which, by their wonderful curative properties, have now become so famous.

A first-class livery in connection, and rides and drives through magnificent scenery can be enjoyed.

The numerous streams in the park abound with mountain trout. The Bow River, a distance of ten miles, affords good boating.

RATES : \$2.00 TO \$4.00 PER DAY

Grand View Villa

Directly Connected with the Famous Banff
Hot Springs.

This comfortable little Villa is situated on Sulphur Mountain, 5,400 feet above sea level, overlooking the Bow and Spray Rivers and the Village of Banff.

It furnishes accommodation for about forty guests.

The views from its balconies are most enchanting, and pronounced by many tourists the finest in the world.

The Baths are given with water direct from the Hot Sulphur Springs which have become famous for their wonderful curative properties in Rheumatism, Gout, Skin Diseases, Impurities of the Blood, Sciatica and all forms of Neuralgia, Stomach, Kidney and Liver affections.

RATES : \$2.00 TO \$2.50 PER DAY

GAZETTEER AND DIRECTORY.

Banff 87

the past year (1904) was \$12,000, so that the park is more than self-supporting, other than new road work. The official record of visitors to the park for year ending June 30, 1904, was 11,752; for 1903, 10,696, and 1902, 9,743.

The total number of animals at the Buffalo and Animal Park on June 30, 1904, was: Buffalo 46 head, elk 10, moose 5, Angora goats 14, black-tail deer 10, coyotte 3, badger 1, timber wolf 1, cougar (mountain lion) 2, and Persian fat tail sheep 4.

The government has provided excellent accommodation for bathing at the Cave and Basin, also at the Hot Springs. Telephone service is furnished by government local exchange, also line to Bankhead. Electric light from Bankhead Mines plant.

The hotel accommodation at Banff is first class, with prices to suit all classes. The C.P.R. Hotels at Laggan and Field are also included in the park since the extension of its boundaries.

FOR RHEUMATISM

USE
Dr. King's Lightning Cure

Brookdale, Man., May 18th 1906.
 This is to certify that I was troubled with Rheumatism at one arm and one leg. I could not get my coat on without help, and was unable very far. One Bottle of Dr. King's Lightning Cure completely restored me.
 Signed, Ben Switzsch.

Blairmore

Macleod Has a sawmill (20,000 feet capacity), telegraph and express office. There is a sanitarium at the Sulphur Springs, one mile east. Has a weekly newspaper, Methodist, Presbyterian, Anglican and Roman Catholic Churches. The Alberta Telephone Co., Ltd., furnish a continuous telephone service, with central exchange at Blairmore to Coleman (4 miles west), Frank (2 miles east), and Lille and Bellevue. The West Canadian Collieries, Ltd., with headquarters here, own 27 miles of coal lands, adjoining, viz., Lille Colliery, 7 miles, Bellevue Colliery, 4 miles; Blairmore Colliery, 8 miles, and Byron Creek Colliery, 8 miles. The company have built a railway connecting their Lille Colliery with the C.P.R. line. Lime of the highest quality is manufactured here, the formation of the mountains being limestone affords an unlimited supply of the raw material.

Best Salt Glazed Vitrified Sewer Pip

for draining low lands is invaluable; it will transform useless boggy land into the most fertile and productive soil.

Is impervious to the action of FROST or WATER. A piece of vitrified pipe buried underground a thousand years will be in as perfect condition as when first put in.

FOR ROAD CULVERTS AND SMALL BRIDGES

it is beyond comparison. Being indestructible, when once laid, it is there for all time, which makes it the cheapest material for this purpose.

FOR WELL CURBING

it is unequalled. It prevents surface water from getting into the well, and is cheaper and better than iron pipe.

All orders promptly attended to.
Special quotations on Carload Lots.

Correspondence Solicited

GAZETTEER AND DIRECTORY.

Brandon 125

BRANDON, Manitoba

An incorporated city (1882) on Sec 23, Tp 10, Rg 19, west of 1st Mer on the south bank of Assiniboia River and an important point on the main line of the C P R 132 miles West of Winnipeg. Brandon was first settled in 1881 on the completion of the Canadian Pacific Railway to that point. Its progress since has been steady and substantial and is now second to Winnipeg in size and importance. Its streets are well graded. Water works owned by the city. It is located in one of the finest agricultural sections in Manitoba. Brandon is the railway centre of Western Manitoba. From the east and west there is the main line of the C P R, from the southeast the C N R, from the southwest the Souris branch of the C P R and the Pipestone section. From the northwest the Hamiota branch.

Owing to its location Brandon is favorably situated as a distributing centre, and its position is giving it a yearly increasing importance as an industrial centre. There are several mills on the banks of the Assiniboine River and with railways radiating to all parts of Western Canada the number of mills and other industries is sure to increase.

An efficient fire department with two steam fire engines. Western judicial court house, jail, public schools, a Roman Catholic Convent and churches of all denominations. Several chartered banks, one daily and two weekly newspapers. There

250,000 Acres in the heart of the great

winter wheat belt of Alberta embracing in its at Calgary, Alder, Crossfields, High River, Shepard and Langdon. Write for Maps and information.

is a roller mill (capacity 350 bbls) machinery works and the division shops of the C P R. Sawmill (capacity 35 M in 10 hours) C P R and C N R telegraph. Dominion Express and Bell Telephone Co.

FOR RHEUMATISM

USE
Dr. King's Lightning Cure

Brookdale, Man., May 13th 1905.
 This is to certify that I was troubled with Rheumatism in one arm and one leg, I could not get my coat on without in pain, and was lame very much. One Bottle of Dr. King's Lightning Cure completely restored me.
 Signed: H. S. W. T. C.

COMPILED AND PUBLISHED BY

Henderson Directories, Limited

STOVEL BUILDING, 267 McDERMOT ST., WINNIPEG

Entered according to Act of Parliament of Canada, in the Year Nineteen Hundred
and Five by Henderson Directories, Limited, in the Office
of the Minister of Agriculture.

The Association of American Directory Publishers

W. E. MURDOCK, President. **W. H. LEE, First Vice-President.**
A. G. WRIGHT, Second Vice-President.
W. H. BATES, Secretary. **R. H. DONNELLY, Treasurer.**

TRUSTEES:

W. E. MURDOCK, Boston. **W. H. BATES, New York.**
R. H. DONNELLY, Chicago. **W. H. LEE, New Haven.**
A. V. WILLIAMS, Cincinnati. **A. G. WRIGHT, Milwaukee.**
R. L. POLK, Detroit. **THEO. F. SMITH, St. Paul.**
W. O. FOOTE, Atlanta.

Secretary's Office, 89 Third Ave., New York.

The Association of American Directory Publishers is composed of reputable City Directory Publishers, organized for the general advancement of the Directory business. Any person, corporation or firm engaged in business as owner and publisher of a City Directory in the United States or Canada, who shall qualify as competent to gather information and compile a City Directory and furnish satisfactory references, is eligible to membership.

The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide protection to the public against fraudulent advertising schemes which operate under the name of Directories, and to drive unprincipled promoters of the same out of business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

\$100 Reward will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fake directory.

BARRISTERS

DO YOU OWN YOUR HOME?

Or, are you paying out a large part of your salary each month in rent, from which you never expect to derive any permanent benefit? If so, investigate our plan. It will show you how you can, by making small monthly payments, secure enough money to build a home, and have 12 years in which to pay off the loan

The beauty of our co-operative plan is that the interest charged is only one-quarter of that which you would have to pay if you obtained a loan from any other source. The small charge of 80c. per month is all the use of each \$1,000.00 borrowed will cost you. How does that compare with the rent you are now paying?

As you are at present, if you should die and leave your family without means of support, they would be turned out on the street by the landlord but under our plan your family would continue to enjoy their home undisturbed; the Company would make the whole of the monthly payments, out of a fund set apart for that purpose, until the loan was repaid, when a clear deed of the property would be given to your family.

Many are now reaping the great benefits of our plan. You may do so if you act promptly. Call or write for further information. Do it now

Reliable agents wanted in every locality.

Best Salt Glazed Vitrified Sewer Pipe

for draining low lands is invaluable; it will transform useless boggy land into the most fertile and productive soil.

Is impervious to the action of FROST or WATER. A piece of vitrified pipe buried underground a thousand years will be in as perfect condition as when first put in.

FOR ROAD CULVERTS AND SMALL BRIDGES

it is beyond comparison. Being indestructible, when once laid, it is there for all time, which makes it the cheapest material for this purpose.

FOR WELL CURBING

it is unequalled. It prevents surface water from getting into the well, and is cheaper and better than iron pipe.

All orders promptly attended to.
Special quotations on Carload Lots.

C. P. Ry between Winnipeg and Vancouver is situated at the junction of the Bow and Elbow Rivers, at the foot of the Rocky Mountains, 840 miles west of Winnipeg and 645 miles east of Vancouver, in the centre of the rich cattle raising district. Calgary is the leading commercial town of Alberta, having a population of 12,500, and since 1901 it has practically doubled. Since that date its business has vastly extended and it has become the chief wholesale centre and distributing point of the Greater West. Many of the leading Eastern manufacturers and wholesale houses are represented.

The value of the buildings erected in the year 1904 exceeded \$1,250,000 and it is still advancing with rapid strides.

The city was incorporated into a town in the year 1882 and in 1894 received its city charter.

The educational advantages of Calgary are equal to any of the Western cities. The public and high schools are the pride of the city. The new Central school, which was completed early in the year (1905) is one of the most commodious and up-to-date equipped school buildings in the West. The public school board now owns seven buildings devoted exclusively to education. Two years ago there were only three. In the same period the teachers have been increased from 19 to 27 and school attendance has risen from 676 to over 1,200.

The Western Canada College, Sacred Heart (R.C.) Convent and the Calgary Business College are also located here, besides private teachers.

The climate is ideal for health seekers, sportsmen and tourists. On account of its height (3,389 feet) and dryness the climate of Calgary has long been favorably known as most beneficial for pulmonary tuberculosis, especially for incipient cases thereof, and the district of Calgary has to day among its inhabitants people of robust health who arrived as debilitated invalids and whose lives had been despaired of by their physicians and friends in the East.

Calgary is the railway centre of Alberta. The Edmonton branch and the Macleod branch of the C. P. Ry run north and south from here, respectively. There are churches of all denominations, two large hospitals, and a sanitarium for the treatment of consumption.

The public school buildings of the city are of an exceptionally fine character, one building alone costing upwards of \$60,000. There are also a number of private schools for young ladies.

The churches of Calgary are fine specimens of architecture, three of them having been built this year at a cost of upwards of \$40,000 each. The Baptist church now under course of construction will cost \$20,000.

There are 13 miles of improved streets and the business portion of the city has concrete walks.

There are Dominion Lands Office, Customs House, Court House, Express, Telegraph and M. O. Post Office.

The commercial interests of Calgary are rapidly extending. The city has two large sawmills, flour mill, a large modern brewing plant, several sash and door factories, two theatres, two daily and three weekly newspapers and gas plant. Companies for the manufacture of cement brick and concrete blocks are now being promoted. In the near future the city will likely be supplied with natural gas recently discovered close to the city.

The business blocks of Calgary are far more substantial than in towns of similar size in the East, the more important ones being built of sand stone. The police force is well regulated and the fire department well equipped. The streets and business houses are lighted by electric light, besides there being waterworks and sewer connection, gas and telephone. The city is now installing their own electric light plant, at a cost of \$60,000.

The city is well provided with parks, having no less than four. Victoria Park, comprising about 90 acres, has a good race track and various buildings for cattle shows and exhibitions. The Island Park in the Elbow River is a very picturesque spot and will in the near future be a leading resort for the citizens.

Calgary is the divisional headquarters for the western division of the C. P. R., and has the most important shops on the line between Winnipeg and the Coast, in which they employ a large number of skilled mechanics and helpers.

The government creamery cold storage warehouse is situated here.

Calgary is the headquarters of the Territorial Live Stock Association. The Cattle Breeders' Association hold an annual sale here of pure bred cattle, where upwards of \$50,000 change hands. The Horse Breeders' Association also hold their annual stallion and horse fair here.

COUNCIL OF 1905.

John Emerson, Mayor.

Municipal Wards and Representatives.

No. 1 Ward—John R. Thompson, S. A. Ramsay, J. A. Hornby.

Total 981

Waterworks.

There are three pumps, with a combined capacity of 3 million gallons daily. Two of them are modern high duty pumping engines. They are supplied with steam from three boilers of return tubular type. The system is what is known as "direct pumping." There is no reservoir or stand pipe.

There are 650 water services, 83 fire hydrants and 15.3 miles of main.

System of Street Names and Numbering.

Avenues run east and west.
 Streets run north and south.
 Centre street is the dividing line.
 Avenues are numbered from Bow River as 1st Ave., 2nd Ave., etc. (east or west of centre street.)
 Streets are numbered east and west of Centre Street as 1st St. East, 2nd St. West, etc.

The system of numbering houses at present in use in Calgary is known as the decimal or Philadelphia system, viz., 100 to the block.

All houses on avenues in first block east or west of Centre St. are 100 and something; all in second block 200 and something.

Streets are numbered on the same principle, beginning at the Bow River.

Even numbers on north side of avenues, odd numbers on south. On streets, even numbers on east side, odd numbers on west.

The original names of avenues (running east and west) which are now known by numerical names, are as follows:

Present Name	Former Name
1st Ave	First Ave
2nd Ave	Abbott Ave.
3rd Ave	Egan Ave.
4th Ave	Reinach Ave.
5th Ave	Northcote Ave
6th Ave	Angus Ave
7th Ave	McIntyre Ave
8th Ave	Stephen Ave
9th Ave	Atlantic Ave
10th Ave	Pacific Ave
11th Ave	Smith Ave
12th Ave	Van Horne Ave
13th Ave	Scarth Ave
14th Ave	Hamilton Ave
15th Ave	Rose Ave
16th Ave	
17th Ave	Notre Dame Ave

FOR RHEUMATISM

USE
Dr. King's Lightning Cure

Brookdale, Man., May 18th 1905.
 This is to certify that I was troubled with Rheumatism in one arm and one leg. I could not get my coat on without help, and was lame very much. One Bottle of Dr. King's Lightning Cure completely restored me.
 Signed, BEN SWITZER.

CALGARY :: ALBERTA

BUSINESSES FOUND FOR BUYERS

Call On or Write "THE BUSINESS BROKERS", 611 McIntyre Block, Winnipeg, Man.

The Calgary Herald

THE POPULAR PAPER OF ALBERTA

Daily Edition Five Dollars a Year.

Weekly Edition One Dollar a Year.

THE HERALD is a ten to twelve-page Metropolitan Daily, and the only paper in the Canadian North West, outside of Winnipeg, publishing the full Associated Press Despatches. ¶ THE HERALD'S Weekly Edition contains the cream of the Daily and has a wide circulation throughout Western Canada and the United States. ¶ THE HERALD is the oldest, largest, newsiest, and most widely circulated paper in a country a thousand miles square.

*THE HERALD is the great
Want Ad. Medium of Alberta.*

The Highest Standard of Excellence

IN the Printers' and Bookbinders' art is what THE CALGARY HERALD'S Mechanical Departments strive after. Our customers tell us we have reached it and their continued "repeat orders" prove that we are satisfying them. ¶ Our ambition is to be known to every business firm in the West as producers of fine printing. ¶ We make *Ledgers, Synoptic Books, Cheque Books, Share Certificates, Debentures, Bonds, Legal Forms, Magazines*, and all kinds of *Commercial, Professional and Society Stationery*. ¶ Fifteen Thousand Dollars represents the up-to-date additions made to our plant during 1905.

FOR RHEUMATISM

Dr. King's Lightning Cure

Brookdale Man May 18th 1905.
This is to certify that I was troubled with Rheumatism in one arm and one leg. I could not get my cast on without help, and was lame, very lame. One bottle of Dr. King's Lightning Cure completely restored me.
Signed, Dr. King's Cure.

Dr. King's Lightning Cure

Brookdale, Man., May 18th, 1905.
 This is to certify that I was troubled with rheumatism in one arm and one leg. I could not get any rest or without help, and was lame very lame. One Bottle of Dr. King's Lightning Cure completely restored me.
 Signed, BEN SWITZER.

CRANBROOK, British Columbia.

The divisional town of the Crow's Nest Pass branch of the C.P.R.; Southern division of East Kootenay District; 83 miles from Kootenay Landing, 138 miles from Nelson and 311 miles from Dunmore.

The town is situated on Joseph's Prairie, a valley between the Selkirk and the Rocky Mountains, at an elevation of 3,014 feet above the sea level.

It is in the centre of a rich mining district, and the shipping and supply point for the Sullivan, North Star and adjoining mines.

Cranbrook is headquarters for the extensive lumber interests of Southern East Kootenay. The executive office of the Mountain Lumber Manufacturers Association is here. There are seven saw mills near the town, also a modern sash and door factory.

The government agent and gold commissioners office for Southern East Kootenay is here, also Supreme Court for the district.

Has Presbyterian, Anglican, Baptist and Roman Catholic Churches, general hospital and public schools.

There are three chartered banks, weekly newspaper, modern brewery, brickyard and other industries.

Headquarters for superintendent and staff for C. N. P. division of C. P. R. The Company employ about 300 men, who make headquarters here.

GAZETTEER AND DIRECTORY.

Cranbrook 363

The North Star branch extends to Marysville (15 miles), and Kimberley (20 miles north), and handles the ores produced by the Sullivan mines and Marysville smelter, together with a large lumber business.

The C.P.R. line building from Yahk to the boundary will, when completed, give Cranbrook direct connection with Spokane and American coast points.

The waterworks operated by a private company has a reservoir 2 1-4 miles south of town, on St. Joseph's creek, formed by dam 16 feet high, flooding two acres, with capacity 2 1-2 million gallons, head 231 feet, pressure 100 lbs. in town.

The electric lighting plant has a capacity of 2,500 16 h.p. lights for domestic lighting.

The telephone system has town exchange and long distance lines, connecting with all the principal saw mills and places in the district, viz., Marysville, Kimberley (20 miles), Wattsburg, Moyie (20 miles), Mayook, Fort Steele Junction, Wardner (22 miles) and Fort Steele (12 miles). Total 74 miles of long distance lines.

Cranbrook is the post office distributing centre for Marysville, Kimberley, North Star, Bayard, Wattsburg, Mayook and Windermere district.

Population, 1905—2,400

FOR RHEUMATISM

USE

Dr. King's Lightning Cure

Brookdale Man., May 18th 1905.
 This is to certify that I was troubled with Rheumatism in one arm and one leg. I could not get it y
 coat on without help, and was sure very late
 One Bottle of Dr. King's Lightning Cure completely
 restored me. Signed, BENSA TREN.

Caution!

Deal only with well-known publishers when giving orders
for Directory advertising.

Read all Orders carefully before signing, and do not sign
duplicate "vouchers," as they are invariably used fraudulently.

Pay No Money in Advance. All well known publishers in-
struct their men to collect nothing prior to publication, and any
attempt to collect needs immediate investigation.

See that Your Order reads
Henderson Directories.

Best Salt Glazed

Vitrified Sewer Pipe

for draining low lands is invaluable; it will transform useless boggy land into the most fertile and productive soil.

Is impervious to the action of FROST or WATER. A piece of vitrified pipe buried underground a thousand years will be in as perfect condition as when first put in.

FOR ROAD CULVERTS AND SMALL BRIDGES

it is beyond comparison. Being indestructible, when once laid, it is there for all time, which makes it the cheapest material for this purpose.

FOR WELL CURBING

it is unequalled. It prevents surface water from getting into the well, and is cheaper and better than iron pipe.

All orders promptly attended to.
Special quotations on Carload Lots.

GAZETTEER AND DIRECTORY.

Edmonton 449

EDMONTON, Alberta.

(See also Strathcona)

An incorporated city, the capital of Alberta, is beautifully situated on the high land on the north bank of the Saskatchewan River. The northern terminus of the Edmonton branch of the C.P.R., 193 miles north of Calgary. Edmonton is the head of river navigation, which extends eastwards to Prince Albert and Grand Rapids, near Lake Winnipeg.

The city commands a magnificent view across the thickly wooded valley, which is perhaps a mile across and about 200 feet deep. Any time from the beginning of May to the end of October the view of this valley, thickly clothed with dense foliage of varying shades, with the 800-foot-wide river sweeping down in graceful curves, is perhaps one of the most delightful pieces of land scape to be found in the northwest. Edmonton was originally a Hudson's Bay post. Fort Edmonton, the place was called, in honor of a chief factor of the company. It is the gateway and base of supplies for the great north country, Athabasca, Peace and Mackenzie River districts.

Situated as it is overlooking this valley, the situation naturally lends itself to drainage and sanitation. These considerations, taken with the fine climate and pure water supply, taken from the glacier-fed Saskatchewan make Edmonton a most desirable place of residence. While the railways now building will do wonders for the district, they will simply perform marvels of development for the city. The Grand Trunk Pacific and the Canadian Northern have entered into agreements with the city, under which they agree to make Edmonton the chief divisional point between Winnipeg and the Pacific. Each will establish extensive repair shops and yards and undertake to establish terminal facilities fully in keeping with Edmonton's prospective importance. In consideration

of such undertaking the C.N.R. has received some 70 acres of valuable land from the city for terminal purposes; and the Grand Trunk has made a provisional agreement whereby they receive a considerable cash subsidy in return for terminal arrangements satisfactory to the city.

The monthly pay rolls alone will add materially to the city's business and the vast sums to be spent in construction will be of benefit to everybody in the district.

The city owns and operates its own water service, electric light plant and telephone system, and all three services are satisfactory. A sewerage system has been installed along with the water service and both are being extended to keep up with the growth of the city.

A charter has been granted for an electric street railway, under which the promoters are required to have two miles in operation by the fall of 1905. Otherwise the company forfeits a heavy cash deposit made and its charter reverts to the city, when the work would probably be a municipal enterprise.

Dominion government telegraph service to Athabasca Landing, also eastwards via Fort Saskatchewan to all Indian reserves on Saskatchewan River, Lloydminster, and eastwards to Qu'Appelle Station.

Nearly all buildings for business purposes erected within the last three years have been of the most substantial character and Edmonton has stores, banks, office buildings, churches, schools and hotels which would be a credit to any western city.

The most ample educational facilities are provided. In addition to the fine Queen's Avenue public school, another and rather handsome building is well on the way to completion. There is also a well equipped high school in a commodious brick building.

Alberta College, established in 1903 under the principalship of Rev J. H. Riddell, M.A., a gentleman of

450 Edmonton

HENDERSON'S NORTHWEST

Edmonton

scholarly attainments and sterling moral character and extensive educational experience, is doing splendid work in the way of higher education than comes within the scope of even the best public schools.

The city has an efficient volunteer brigade, officered by permanent officials and equipped with steam and chemical engine, hook and ladder wagon, hose reels and an ample supply of hose, all in a high state of efficiency. While there is sufficient pressure on the hydrants for fire purposes, fire is always kept under the steamer, for use in case of failure of pressure for any reason.

Besides being the natural and undisputed commercial centre, Edmonton is also the judicial centre of the district, and will become the legislative and administrative centre of the new province of Alberta. Edmonton is named as the provisional capital in the Bill creating the new province.

The fur trade has been for more than a century the backbone of the commercial life of the city. Edmonton is one of the largest and most important primary fur markets on the continent. All the furs of the Mackenzie and Peace River systems of waterways find their market here. Nearly every large European importer has an agent here to secure the peltries. There are eight fur buying firms. The bulk of the trade of course belongs to the Hudson's Bay Company, the yield being shipped direct to London. The furs handled aggregate many hundred thousand dollars worth annually.

The purchase of fur invariably means the sale of an equal amount of supplies to the trader or trapper. It is as a farming and stock-raising centre that Edmonton will thrive. The soil is a rich, deep black loam with clay sub-soil, which produces an abundant yield of grain and vegetables. The district is well adapted to small holdings where mixed farming can be carried on, and this holds true of the country that lies between Calgary and Edmonton—

the foothills of the Rockies. The whole district is underlaid practically with inexhaustible coal deposits, the fact that the best lignite may be delivered anywhere in the city for \$2 a ton being thus explained. Natural gas has also been found quite near, and the presence of petroleum indicated.

In addition to the lumber already referred to, of which local mills cut 16½ million feet in 1904, the city contains within its limits brick-clay in inexhaustible quantities, and bricks of unusually high quality are turned out by three yards in operation.

Sandstone has also been discovered within the city limits. It is said to be of high value for building purposes and the deposit is believed to be of great extent. Sand of good quality is easily obtainable for plaster or cement work.

Edmonton is being built up by a set of business men of very progressive ideas, indomitable energy and confidence in the future of the city and district, and of an unusually high order of business integrity and keen business foresight. Edmonton is more advanced in many ways than small cities in older communities. Its citizens realize that it is growing, and growing fast. Though having at present only about 8,000 inhabitants, its business men realize that that figure is going to double at least every five years (in 1901 figure was 2,650), and this fact is kept clearly in view in all undertakings of any permanent character.

Has six chartered banks, two daily and one weekly newspaper, three saw mills, planing mills, flour mill (175 bbls.), modern brewery, aerated water factory, pork packing plant, woolen mill, woodenware factory and steam laundry, brickyards. The city is governed on the most modern ideas of civic economy. The executive work is in the hands of three commissioners, while the legislative branch consists of eight aldermen and a mayor, who is also chairman of the Board of Commissioners.

The following Public Works have been completed and buildings erected in the city during the year 1904:

Civic Improvements.

Sewers, 9,300 lineal feet, and watermains, 10,174 feet	\$23,600.00
Plank sidewalk, 40,300 lineal feet	10,120.00
Cement sidewalk, 204 lineal feet	830.00
	\$40,550.00

Buildings Erected.

26 brick buildings ..	\$362,700.00
266 frame buildings	406,055.00
	\$768,755.00
Total for 1904 ..	\$809,305.00

Telephone System.

Municipal branch offices—Strathcona, Beaumont, Fort Saskatchewan, St. Albert, Morinville, Ray Riv-Siu Barre, Spruce Grove, Stoney Plain.

There are 450 instruments installed, both local and long distance; 350 miles wire, equipment with Bell and Stromberg-Carlson switches, instruments, etc; Bell Telephone Co's long distance lines southward to Calgary and all intermediate points.

The new city boundaries are viz On the south by the river. On the west by the line between ranges 24 and 25, west of 4th. On the north by the north line of sections 7, 8 and 9 of township 53, range 24, west of 4th meridian. On the east by the line between sections 9 and 10, 53—24—4, from the north line of the sections to the water of Rat Creek, thence southeasterly along the bed of the Creek to the river.

The entire length from east to west is three miles, except that a few hundred feet of the point between the Rat Creek and the river projects beyond that distance. From north to south the entire distance is a little less than three miles. At the east and west ends the depth is about two miles, but on the Hudson's Bay property this depth is increased and at Ross' Point it adds nearly a third mile to the city. Nearly half a mile is added to the old area on the west side and a little over a mile on the east side. The extension north is about half a mile. The easterly extension takes in river lots 16, 18, 20 and 22, and the westerly extension nearly half a mile along the easterly side of the original Groat estate. To the north a strip of the Hudson Bay Company's reserve, nearly half a mile wide, remains outside the city limits. The total area, roughly, is about seven square miles.

FERNIE, B. C.

(See also Coal Creek)

An incorporated city (July 28,
1904), and coal mining camp on the
main line of Crow's Nest Pass,
branch of the C P Railway 146 1-2
miles from Kootney Landing, 247 1-2
miles from Dunmore and 70 miles
from Macleod, situated at junction
of Coal Creek and Elk River
25 miles east of Kooteney River at
elevation of 2,302 feet above sea
level. A disastrous fire swept the
business portion of the City on April
29th, 1904. New buildings of a most
substantial character have been
erected, and in the following spring
their value amounted to the sum of
\$275,000. The Crow's Nest Pass

Coal Co Ltd average over 3,000 tons
daily coal output.

Coal Creek mine employs 1,100
men and Fernie coke (424) ovens
150 men.

The monthly pay roll for the three
camps averages \$165,000, as follows:
Coal Creek and Fernie, \$90,000;
Michel \$55,000 and Carbonada \$20,
000.

The Company own over 250,000
acres of lands and townships of Fer-
nie and Morrissey mines.

The electric lighting plant (ca-
pacity 1,000 lights) telephone and
waterworks, are operated by the
Company. The dam on Coal Creek
is six miles from Fernie and 1 mile
above Coal Creek Mine with head
of 250 feet supplied through 6 inch
Mains giving 120 lbs pressure in
Town. There are six fire hydrants.
A new reservoir with a capacity
of 300,000 gallons has recently been
built on the hill east of Town at
an elevation of 180 feet, giving
a pressure of 80 lbs.

Local Telephone Exchange, con-
tinuous service and long distance
connection with Coal Creek, Carbon-
ada, Michel, Morrissey Mines and
Swinton

Has Presbyterian, Methodist, Ro-
man Catholic, Anglican and Baptist
churches. Public school and pri-
vate hospital

Two chartered banks, a large
brewery and two sawmills
The new plant of the Elk Lumber
and Manufacturing Co is a thorough-
ly modern one, with capacity of 150,
000 feet per 10 hour day. The com-

FOR RHEUMATISM

USE Dr. King's Lightning Cure

Brookdale Man, May 13th 1905.
 This is to certify that I was troubled with rheumatism in one arm and one leg. I could not get my coat on without help, and was lame, very lame. Two bottles of Dr. King's Lightning Cure completely restored me.
 Signed, Ben Switzer.

On Great Slave River 16 miles
north of Smith's (Graham) Land-
ing, with which it is connected by
wagon road and telephone; 555
miles from Athabasca Landing and
194 miles south of Fort Resolution
Fort Smith is named after Sir
Donald A. Smith now Lord Strath-
cona.

There is clear navigation from
Fort Smith by H B Co's str.
"Wrigley" to the mouth of the Mac-
kenzie River about 1,300 miles north
west. Population is small mostly
Indians and half breeds who are en-
gaged in fur trapping and transport
service. Large salt springs are in
the vicinity but on account of sit-
uation are almost impossible to uti-
lize

Best Salt Glazed

Vitrified Sewer Pipe

for draining low lands is invaluable; it will transform useless boggy land into the most fertile and productive soil.

Is impervious to the action of FROST or WATER. A piece of vitrified pipe buried underground a thousand years will be in as perfect condition as when first put in.

FOR ROAD CULVERTS AND SMALL BRIDGES

it is beyond comparison. Being indestructible, when once laid, it is there for all time, which makes it the cheapest material for this purpose

FOR WELL CURBING

it is unequalled. It prevents surface water from getting into the well, and is cheaper and better than iron pipe.

All orders promptly attended to.
Special quotations on Carload Lots.

Correspondence Solicited

The eastern terminus of the western division of the C.P.R., in the Thunder Bay district, 436 miles east of Winnipeg, 3 miles west of Port Arthur. The town is located on the north bank of the Kaministiquia River, which is navigable for about four miles for vessels drawing 20 feet. Over one mile of docks have been built, which can be extended four miles on each side of the river. There are six elevators. There is one chartered bank and a private bank. Telephone exchange, one daily newspaper, several churches and public schools.

FOR RHEUMATISM

USE

Dr. King's Lightning Cure

Profoundly Mar. May 13th 1908
 It is to certify that I was troubled with Rheumatism in one arm and one leg. I could not get any relief or without help, and was lame very much. One Bottle of Dr. King's Lightning Cure completely restored me.
 Signed, BEN SW TZE, 7

FRANK, Alberta.

(See also Blairmore & Coleman.)

A town on the Crow's Nest Pass
branch of C. P. Ry, 54 miles west of
Macleod. Has telegraph and ex-
press office, and a brick yard and
chartered bank. The great moun-
tain slide which occurred a few
years ago is just east of the town.
It is about 1 1-2 miles wide, 2 1-2
miles in length, and said to aver-
age 40 feet in depth on the C. P. R.
tracks.

The Canadian-American Coal and
Coke Co Ltd, is the principal indus-
try. The company have a paid up
capital of \$2 500,000 and own 4 miles
of coal lands south from Frank.
Shipments 600 tons daily to be in-
creased to 1,000 tons per 8
hours. Employs 200 men. The
zinc refinery being erected by the
Canadian Metals Co Ltd. is the on-
ly one in Canada, and will draw its
supply of ores principally from the
Slocan district of B. C.

Frank is connected by telephone
with all the principal places and
camps in the valley Blairmore, 2

miles west (Central Telephone exchange), Coleman, 6 miles west, Little colliery (5 miles north), and Bellvue colliery (2 miles east)

The waterworks system (wooden pipes) operated by the Coal Company has intake on Gold Creek 1-2 mile west of town, with a head of 40 feet, giving pressure in town of 50 feet. For fire protection there are five hydrants and a supply of hose on reels. The company propose extending the system and increasing the pressure.

GOLDEN, British Columbia.

A town on the main line of the C.P.R., 475 miles east of Vancouver and 34 miles west of Field, 1,007 miles west of Winnipeg

Golden is the chief town of North East Kootenay, and occupies a situation which enables it to command the trade of the whole district as far as the headwaters of the Columbia River

The Canadian Pacific Railway, after threading the tortuous course of the Kicking Horse River, at this point touches for the first time the broad reaches of the Columbia, which has its source about 100

miles south, and which is navigable during nine months of the year from Golden to Windermere, a distance of nearly 100 miles

The steamers of the Upper Columbia Transportation Company operate on this stretch, leaving Golden twice a week, and provide during the season, April 15 to November 10, a reliable transportation service for the rich mines of Toby and McDonald creeks and the fertile reaches of the Columbia Valley

The steamers connect at Windermere with mail stage for Cranbrook, distant 172 miles. There is also a weekly stage between Golden and Windermere, 72 miles, connecting with the south stage

The location of the town is in the valley about one mile wide between the Rocky Mountains and the Selkirks and is an ideal one for the admirer of mountain scenery. The residential part of the town is built on the peninsula lying between the Kicking Horse and Columbia Rivers, in a nice grove of trees

Has Anglican, Presbyterian, Methodist and Roman Catholic Churches, public school and general hospital

Has chartered bank, copper smelter (matting plant), 65 tons capacity.

The government agent and gold commissioner for the district is located here, also Supreme Court, registrar and mining recorder.

The Columbia River Lumber Co., the principal industry, operate the Golden sawmill, capacity 50,000, and employ 75 men, output in 1904 being 7½ million feet. The company operate four mills, employ 450

A. E. Barton, 340 Portage Ave.

INDIAN HEAD, Saskatchewan.

A progressive town on the main line of the C.P.R., 213 miles from Winnipeg. It is the largest point of initial shipment of wheat in the world, has 11 elevators, 3 chartered banks, a flour mill, sash and door factory, fanning mill, machine shop, two newspapers, a town hall seating three hundred, and an opera house seating seven hundred, has telegraph and express. The Dominion Government Experimental Farm of 700 acres is situated here. There is also another Government Experimental Farm which is devoted entirely to the growth of shrubbery. The town has English, Presbyterian, Roman Catholic and Methodist Churches and a public school. The town is now putting in a new water works, sewerage and electric light plant costing \$150,000. The assessment valuation is \$855,000.

Elevator capacity, 280,000 bushels.

Population, 1905--1,500

INNISFAIL, Alberta.

An incorporated town on the Edmonton branch of the C.P.R., 77 miles north of Calgary.

Has government creamery, chop mill weekly newspaper, two chartered banks, public school and four churches

Is the centre of a thriving mixed farming district, 75 miles east of the Foothills of the Rocky Mountains. The land is well watered and is of the very best quality. The soil is a black vegetable mold, from 18 inches to three feet in depth, with a clay sub-soil, and an entire ab-

sence of rocks and stones. Ranching has always been one of the main industries of this district. The outline of the country, its hills, plains, timber and water, and the abundance of wild hay present conditions that are highly favorable. A movement is on foot to erect a flour mill in the near future.

Population, 1906—600

KENORA, Algoma

(See also Keewatin and Norman.)

An incorporated town (1892) including the old municipality of Norman and Rat Portage, situated on the north shore of the Lake of the Woods on the main line of the C P R 133 miles east of Winnipeg. Mails daily. Has express and telegraph offices. owns its own telephone, electric light and water works systems. Rat Portage is the mining centre of the various gold mines in the Lake of the Woods. A large reduction works for the treatment of ores in the town and several others on the islands in the vicinity. The water power at this point is second only to Niagara, and is used for electric plant, running saw mills etc. There are 6 large saw mills in the vicinity with a capacity of about 60,000 feet per day. It has Roman Catholic, Anglican, Methodist, Presbyterian, Baptist, Swedish, Lutheran, Swedish Baptist Churches and public schools. also Salvation Army and church. It has an opera house seating capacity

900. Two newspapers are published here. Assessed valuation 1,740,000. Population 1905,—5,000.

Best Salt Glazed

Vitrified Sewer Pipe

for draining low lands is invaluable; it will transform useless boggy land into the most fertile and productive soil.

Is impervious to the action of FROST or WATER. A piece of vitrified pipe buried underground a thousand years will be in as perfect condition as when first put in

FOR ROAD CULVERTS AND SMALL BRIDGES

it is beyond comparison. Being indestructible, when once laid it is there for all time, which makes it the cheapest material for this purpose.

FOR WELL CURBING

it is unequalled. It prevents surface water from getting into the well, and is cheaper and better than iron pipe.

All orders promptly attended to.
Special quotations on Carload Lots.

FOR RHEUMATISM

USE

Dr. King's Lightning Cure

Brookdale, Man., May 15th 1906.
 This is to certify that I was troubled with Rheumatism in one arm and one leg. I could not get any rest or without help, and was lame very lame. One Bottle of Dr. King's Lightning Cure completely restored me. Signed, BEN SWITZER.

An incorporated town on the Edmonton branch of the C. P. R., 112 miles north of Calgary. A branch line of the C. P. R. already under construction eastward from the town, and another in prospect westward, promises to make it an important shipping centre. Has telegraph, express offices creamery and 2 weekly newspapers. An up-to-date flour mill will be erected and in run-

ning order this season. The Merchants Bank of Canada has just completed the erection of one of the best buildings in Western Canada. The educational facilities are the best, five teachers being employed in the public schools. The Presbyterian, Methodist, Episcopal and R. C. denominations have churches.

Population, 1905 1,200.

LAGGAN, Alberta.

A station on the main line of the
C. P. R., on Sec. 28, Tp. 28, Rg. 6,
west of the 5th Mer., 117 miles west
of Calgary. It is the divisional
point of the C. P. R. between west-
ern and Pacific divisions, and 6
miles east of the Summit of Rocky
Mountains (the B. C. boundary
line).

Laggan is one of the popular sum-
mer resorts in the Rocky Mountains
Park of Canada, for tourists and
mountaineers. The Chalet at Lake
Louise is at an altitude of 5,643
feet above sea level. The greatest
peaks and glaciers yet discovered
in the Rockies are near the Bow
River Lakes north of Laggan. Tele-
phone connection from station to
Chalet and also with Field Hotel

Lethbridge

GAZETTEER AND DIRECTORY

Lethbridge 677

LETHBRIDGE, Alberta.

An incorporated town (Feb. 1891) on Sec. 31, Tp. 8, Rg. 21, west of 4th Meridian, about 50 miles west of the eastern boundary of Alberta at altitude of 2,984 feet above sea level situated on the Crow's Nest Pass branch of the C. P. R., 115 miles southwest from Medicine Hat and 28 miles east of Macleod, and also connected by the Great Northern railway with Great Falls, Montana, distance 200 miles.

The Alberta Railway and Irrigation Company, who employ 800 men, operate the Galt Coal Mine, the pioneer of the coal mining industry of the Northwest. The company controls one million acres of land and have constructed over 120 miles of irrigation canals, which reclaim practically about half a million acres of land, which was previously semi-arid. The land is uniform in fertility and depth. It is generally a rich clay, varying to sandy loam, is very little broken but uniformly productive. The company's railway lines extend from Lethbridge to Coutts (international boundary) 66 miles Sterling to Cardston 48 miles and Raley Junction to Kimball, 16 miles. Total 130 miles, which furnish transportation facilities to the districts irrigated by the company.

The railways recognize Lethbridge as a jobbing point and make special distributing rates for re-shipments by local jobbing houses. West to Moyie, north to Calgary, and east to Maple Creek. The Great North-

ern railway connecting with the Grand Trunk give competitive rates to Lethbridge from eastern Canadian points

The local telephone exchange is connected with long distance lines giving connections with Sterling, Raymond, Magrath and Cardston.

The fire department have "Donald" steamer (2 streams), 1,500 feet hose. Hook and ladder truck and chemical engine. The water supply is furnished by electric pumps on the river bottom, 300 feet below the level of the town, supplying 70 lbs pressure for domestic purposes. For reserve supply, the watertower (standpipe 85 feet high), has capacity of 150,000 gallons and gives pressure of 50 lbs without pumps. Fire pressure direct from pumps is 220 lbs with a capacity of 750 gallons a minute, one side only. There being a duplicate system in case of accident and for repairs.

Domestic and street electric lighting is furnished by a private company

The principal industries are coal mining, ranching and irrigated farming. Besides the Galt Coal Mines there are a number of smaller concerns operating in the immediate vicinity of the town who are also shippers. Has a well equipped brewery, foundry and machine shop and two brick yards, one with a capacity of 40,000 per day an output last year of 2 1-2 million brick. Has Anglican, Methodist, Presbyterian, Baptist, Roman Catholic and Greek Independent

Dr. King's Lightning Cure

Brookdale, Man. May 18th 1905.
 This is to certify that I was troubled with Rheumatism in one arm and one leg. I could not get my coat on without help and was lame, very lame. One Bottle of Dr. King's Lightning Cure completely restored me.
 Signed: R. H. BARTON

churches. Public and R. C. separate schools and convent. Public library and reading room and the Galt hospital. Weekly newspaper and opera house seating 500.

The town itself may be called a pretty one. While work is just being commenced on tree growing and other forms of civic improvement, the lay of the town is up-to-date. Its business houses are substantial and each year adds to the number.

The residential portion is well laid out and Lethbridge can boast of some very neat homes.

A pleasing feature about Lethbridge is the large common in the centre of the city. This open tract, about thirty acres in extent is used for all sports and games.

Population, 1905—3,300.

Elevator capacity—30,000 bushels

FOR RHEUMATISM

USE

Dr. King's Lightning Cure

Brookdale, N.J., May 18th, 1905.
 This is to certify that I was troubled with Rheumatism in one arm & foot for several months and could not get my coat on without help. I had been using various remedies but none did me any good. One bottle of Dr. King's Lightning Cure did the work perfectly. I am now perfectly restored. Signed, B. S. SWEETZ.

Business Man

tant factor. The C.P.R. payroll averages from \$70,000 to \$75,000 per month.

Has five churches, Methodist, Presbyterian, Anglican, Baptist and Roman Catholic; public schools and a well-equipped public hospital.

The town forms the centre of one of the great cattle and sheep raising districts of the west.

Has two weekly newspapers, three chartered banks, roller flour mill (100 bbl. capacity), brick yards, coal mines and stone quarries.

The natural gas supply from the town well is estimated at over one million feet per day. The new C P R well shows a rock pressure of 445 lbs., the gas being found in the same strata and at the same depth as the town well, viz., 1,000 feet.

Gas is so abundant that it is used almost entirely for light fuel and power. The cost is 17 1-2 per M feet. There are over 400 consumers.

The municipal natural gas consumption revenue for three months shows as follows.

	M Feet.	Revenue
Dec., 1904 .. .	13,002	\$2,187
Jan., 1905 .. .	16,399	2,729
Feb., 1905 .. .	13,585	2,282

The municipal assessment for 1904 was as follows:

Real Estate .. .	\$839,832
Personal Property .. .	245,445

Total Assessment .. . 1,085,278
 The tax rate is 18 mills on the dollar

The climate is considered very fine and healthful. The winters are short and the temperature moderate, the chinook winds changing the climate from winter to summer temperature in the course of a few hours.

Population, 1905—3,000

the east shore of Lake Manitoba, in the provincial electoral division of Dauphin. Nearest railway and telegraph, Westbourne, 100 miles. Mails fortnightly.

Postmaster—James Matheson

MOOSE JAW, Saskatchewan.

The City of Moose Jaw is situated 398 miles west of Winnipeg on the main line of the Canadian Pacific Railway. The City is pleasantly located in a dip in the prairie at the junction of Moose Jaw and Thunder Creeks. The City dates from the advent of the railway in 1882. Though during the past few years the growth of the city has been rapid, it was only in the year 1903 that a charter of incorporation as a city was granted.

The city is substantially built, the number of brick erections exceeding the usual proportion in the west. The existence of well equipped brick yards adjoining the city limits has contributed to this result. The city is a divisional point on the C. P. R. and the terminus of the "Soo" line, (Porter sec. C.P.R.) The railroad has a large modern roundhouse of 22 stalls completed, built of steel and concrete. There are machine shops, and the varied plant of an important point. Some \$150,000.00 was spent by the railway in betterment at this point in the last two years. This has always been a main point for the shipment and transferment of cattle. With the completion of the stock yards, at a cost of over \$30,000.00 ample accommodation of the most approved

kind has been furnished for the stock business.

The geographical location of the city points to a great future as a distributing centre, and the city is bound to advance as a wholesaling point. Many and varied improvements have been carried on by public and private enterprise in the last three years. Among improvements now under way, are a well equipped hospital, new post office, a complete system of sewerage and water works. A system of electric lighting was installed last year.

The country is undulating prairie and in some directions miles can be travelled without finding a foot of waste ground. Grain growing is the principal pursuit of the farmer, and for the culture of No. 1 Hard, the district has few rivals, and no superior. The finest soil is a heavy clay of great depth, and is very friable. In other places the soil is somewhat lighter, running into a loam which would be considered heavy in any other country. The soil does not bake, and the land stands dry weather remarkably well. Outside the farming belt is a great expanse of ranching country to the South, West and North.

Mixed farming can be carried on with great profit, and splendid openings await those who develop these lines.

In the country now opening for settlement in a larger way, good water can readily be found at a distance varying from fifteen to eighty feet.

The Moose Jaw district is peculiarly a wheat district, and the remarkable success in growing wheat has thrown the culture of other grains into the background. Oats, barley

and rye also do well. Flax has proved profitable, but only a little of it is grown. Experts say the soil is well adapted for its cultivation.

The staple product of the district is, and always will be, No. 1 Hard. The quality grown here is the finest in the Territories, and has never failed to grade as high, if not higher than the grain of any portion of the Territories. Again, the yield is most gratifying. The wheat averaged thirty-five bushels to the acre in the Moose Jaw district in 1901, and about twenty-five bushels for the four years preceding.

Assessment, 1905, \$2,926,000.

Dr. King's Lightning Cure

Brookdale, Man. Mar. 18th 1906
 This is to certify that I was troubled with rheumatism in my arm and leg. I could not get any coat on without pain, and was lame very much. One bottle of Dr. King's Lightning Cure completely restored me.

FOR RHEUMATISM

USE
Dr. King's Lightning Cure

Brookdale Mar. 13th 1905.
 This is to certify that I was troubled with Rheumatism in one arm and one leg. I soon felt a heavy coat on without help, and was lame very much. One Bottle of Dr. King's Lightning Cure completely restored me. Signed, Bro. S. H. HARRIS.

6, west of 2nd Mer. Mails weekly from Broadview 24 miles
 Postmaster—Tage Hjorth

NEEPAWA, Manitoba.

An incorporated town and most important point on the M. & N. branch of the C P R., northwest of Portage La Prairie. Has Methodist Presbyterian, Episcopal and Baptist Churches in the town, and public schools. The court house for the county of Beautiful Plains is situated here. The municipality operate a telephone service, also operate an electric light plant for the street and house lighting, besides supplying electric power. Generators operated by a combination of steam and water power plant. There are three chartered banks, opera house seating 700, and two newspapers

Elevator capacity, 278,000 bushels
 Flour mill capacity 300 barrels

OKOTOKS, Alberta.

An incorporated (1904) town, situated on Sec 22, Tp 20, Rg 29, west of 4th Mer., on the Macleod branch of the C.P.R., 27 miles south of Calgary.

The town is known locally as "Sheep Creek," being located on that stream at the crossing of the government road.

Has five churches and public school, chartered bank, weekly newspaper, saw mill (cap 25,000 feet), pump works and grain elevator

The surrounding district is a farming and ranching country, the chief grain product being winter wheat.

PEACE RIVER CROSSING, Atha.

A settlement on the Peace River 87 miles from Lesser Slave Lake by waggon road, 300 miles from Athabasca Landing the nearest telegraph office, and 400 miles north-west of Edmonton, the nearest railway and banking town. Mails monthly by stage. Has two mills, one flour and shingle and one lumber, shingle and flour.

The valley here is 1,200 feet below the level of the prairie, about 15 miles long and principally settled by half breeds.

This is the distributing point for all points both north and south on Peace River. H. B. Co and R. C. steamers navigate the river down to Vermilion Chutes 325 miles, and up to Hudson's Hope, 236 miles. Total distance 561 miles. Grain is reported to have ripened annually for the past 25 years at the R. C. Mission Farms in the valleys. There are no sudden changes in the climate. Chinook winds extend their influence frequently.

Population, 30 whites and 200 half-breeds

173 miles west of Dunmore Junction, and 29 miles west of Macleod. Pincher Creek is one of the oldest and best settled ranching districts in Alberta. Recently the ranchers have been putting in winter wheat and the acreage in the district is increasing rapidly each year, all conditions being favorable for good crops. Has Roman Catholic, Methodist, Presbyterian and Anglican Churches, public school, Catholic convent and a public hospital, chartered bank and weekly newspaper. Pincher Creek is the business town for the following local points: Pelgau Reserve (7 miles east), Dry Fork (9 miles south), Summerview (10 miles north), Mountain Mill (12 miles northwest), Fishburn (15 miles southeast), Yarrow (20 miles south).

Population, 1905—500

Elevator Capacity—36,000 bushels

PRINCE ALBERT, Saskatchewan.

An incorporated city (Nov. 9, 1904) on the Prince Albert branch of the C.P.R., 247 miles north of Regina. The C.N.Ry. line direct from Winnipeg will be completed into the city by fall (1905). The situation is a beautiful one on the wooded banks of the North Saskatchewan River, 24 miles above its

junction with the Smith branch at Puckahn. The river is navigable west to Battleford (150 miles) and Edmonton (700 miles) and East (600 miles), to Grand Rapids, situated near Lake Winnipeg.

Electric light plant, operated by the corporation, for domestic and street lighting purposes has capacity of 2,400 16 c.p. lights.

Fire brigade equipment, gasoline fire engine and 1,500 feet hose.

Waterworks and sewerage system to be installed in fall of 1905.

Lumbering is the principal industry, spruce, pine and tamarac limits are very extensive up and down river and to the northward. The four saw mills operating in the vicinity had an output of 20 million feet for the season of 1904. Railway ties are supplied by the loggers in large quantities. Wood is used almost exclusively for fuel.

Prince Albert is the metropolis of northern Saskatchewan, having the Supreme Court judge, government jail, Dominion Lands and Land Titles office, Anglican and Roman Catholic Bishops of Saskatchewan, and headquarters and supply depot of the H. B. Co. for the northern fur trading posts.

Industries comprise four saw mills, two flour mills, tannery, two weekly newspapers, planing mill and gold dredging.

The C.P.R. station at the city is called West Prince Albert, and Prince Albert Station, the H. B. Co.'s reserve, is locally known as Eastender Goschen.

Financial Statement.

FOR RHEUMATISM

Dr. King's Lightning Cure

Brookdale, N. B., May 18th 1905.
This is to certify that I was troubled with rheumatism in one arm and one leg. I could not get my coat on without help, and was in a very bad state of health. I tried many things but nothing helped me. I then tried Dr. King's Lightning Cure and was completely cured in a few days.
Signed, B. S. T. B.

QU'APPELLE, Saskatchewan.

(See also Fort Qu Appelle.)

A station on the line of the C.P.
 R., 323 miles west of Winnipeg.
 Has a post office, express and tele-
 graph office, a chartered and pri-
 vate bank, a weekly newspaper,
 which is up-to-date, the "Qu'Appelle
 Progress" There is an excellent
 agricultural country surrounding
 Has a government creamery, steam
 flour mill, five elevators, a public
 school, an Episcopal, Methodist,
 Presbyterian and Roman Catholic
 Churches. A new school building
 will shortly be erected, costing
 \$12,000, also a town hall, costing
 -10,000, is now about being built.

The land is rich clay loam and
 the district excellently adapted for
 mixed farming purposes. The cli-
 mate is mild, in winter it never
 drops 10 below zero. Cattle and
 horses have not to be stalled-
 they can graze outdoors all the

principal industry. The beet sugar factory has a capacity of 400 tons per day. The run for 1904 was 40 days, with an output of over three million pounds of sugar. The company owns about 400 000 acres of farm and ranch land, and 12 000 head of cattle, ranging in Milk River Ridge. The cultivation of the sugar beet is past the experimental stage in Alberta. As high as \$100 per acre was realized in 1904.

Raymond has a branch of the Alberta Railway & Irrigation Co.'s St. Mary's canal passing through the townsite, and will be on the main canal from the Milk River Three miles south a reservoir covering 30 000 acres with a depth of 30 feet, will be constructed. This will furnish Raymond with a water-works system

98 miles south of Edmonton. The
town which was first settled in 1891
is the centre of a large and well set-
tled country and devoted to farm-
ing and stock raising. Its situation
on the Red Deer river is beautiful.
The surrounding slopes being wood-
ed with spruce, poplar and other
varieties of timber, leading to the
level and rolling open prairie.

Has two chartered banks, two
weekly newspapers, five churches,
public school and a well equipped
public hospital and opera house
seats 500, two saw mills, with cap-
acity of 45,000 feet per day, two
brick yards with modern plants,
capacity 75,000 per day, government
creamery.

A private company furnishes elec-
tric light and power, by steam plant
which is also used as a pump sta-
tion for town waterworks. Has
town and rural telephone exchange
and long distance connection both
with Calgary and Edmonton and all
intermediate points.

The new town power plant (tur-
bine wheels) being installed on the
Blindman river will furnish addi-
tional electric motive power. Red
Deer is the business town for the
following country points: Barnt
Lake (9 miles W), Solheima (14
miles W), and Evarts (Medicine
River) 25 miles W; Hillsdown (16
miles E), Edwell (20 miles S E),
Pine Lake (25 miles S E), Coal
Banks (28 miles E), Content (Tail
Creek), 35 miles E, and Buffalo
Lake 30 miles N. E.

The National Life Assurance Company of Canada

ELIAS ROGERS, President
ALBERT I. RAISTON, Man. Director
H. SPARLING, Secretary

Head Office,
TORONTO.

You have been considering making application to the National Life for some time and have not, as yet, concluded your application. Think over the following suggestions

- (a) Have you made the necessary provision for your family?
- (b) Do you fully recognize the serious loss you are sustaining by not carrying a Policy?
- (c) Have you created a responsibility; is it not reasonable to protect that responsibility?
- (d)—What a blessing it is to know that your \$5000 Endowment Policy will fall due in your declining years
- (e)—The National Life offer you a Policy which returns every Dollar invested, gives you about \$219 of a surplus per \$1000, and the protection has been a gift for 20 Years. Do you want it?

Apply for particulars to

T. M. GROVER,
Supt. of Agencies,
Winnipeg, Manitoba.

WINNIPEG, MAN.

Regina

GAZETTEER AND DIRECTORY.

Regina 915

REGINA, Saskatchewan.

An incorporated city, the commercial and distributing centre and capital of the new province of Saskatchewan; situated on the main line of the C.P. Ry., 356 miles west of Winnipeg.

It is the headquarters for the Supreme Court of the Northwest Territories. Has Land Titles' Office. Dominion Land Office and Dominion Immigration building.

There are five schools, also a High School and Normal School; four weekly and one daily newspaper, an active Board of Trade, a live Agricultural Association, five branches of chartered banks, a club, five hotels, many boarding houses and restaurants. Stocks in mercantile lines are varied and complete. The professions are well represented.

Has Church of England, Roman Catholic, Presbyterian, Methodist, Baptist and Greek Churches, Salvation Army and public hospital.

A vigorous policy of municipal ownership and operation of franchises has been inaugurated. The result is that Regina has an up-to-date electric light service which makes it the best-lighted city in the Northwest; while a constant supply into the houses of better water than is found anywhere else has followed the recent construction of a splendid gravitation waterworks system. An equally excellent drainage and sewage system is at present in course of completion. The streets and avenues are being boulevarded, improvements are being made in all directions and in every way Regina shows itself up to date, thoroughly justifying the title, "Queen City," that its name implies.

The main line of the C.P.R. bisects the city, which is also the southern terminus of the Regina and Prince Albert branch of the C.P.Ry. that serves a number of fertile districts extending 250 miles to the north, and the western terminus of the Arcola extension, a line

that also traverses a rich and fertile country, 150 miles of which is tributary to Regina, and the same may be said of the Soo line. The Canadian Northern Railway, it is expected, will soon pass through the city, and the Grand Trunk Pacific Railway will tap the district.

The land in the immediate vicinity of Regina is as good and fertile as that in any part of the continent of America, the soil being particularly rich. The land is a black clayey loam, with a sub-soil of clay. It produces a heavy yield of wheat of the highest grade, vegetables and garden produce. Wheat grown in the district has been selected by the United States authorities for seed-grain, and many portions of the Dominion send to the district for seed in order to improve the wheat they grow. According to the official bulletin the average yield per acre of spring wheat in the district during the last seven years was 20.96 bushels, a figure that is not surpassed by any other locality in the west. The prairie offers unlimited pasture for countless cattle and there is abundance of wild hay. Thus mixed farming has been found the most profitable as a rule.

The water supply is abundant and easily accessible. The rainfall is plentiful, chiefly in June. On the north of the track is Boggy Creek and on the south Wascana Creek, fed by numerous rills and smaller creeks. As a rule farmers find water on their farms, and no settler needs to have fear on the score of water for his house and live stock.

An additional sign of progress is seen in the building of the last three years. This year more residences are being erected than in any previous year. Many public buildings, too, are in course of erection, or are arranged for speedy construction, viz., Post Office and Customs House, a Presbyterian Church, Roman Catholic Church and convent, Methodist Church, two schools, city hall, Bank of Montreal,

HENDERSON'S NORTHWEST

Regina

new "Leader" office, etc., etc. It is estimated that the value of the new buildings recently erected approximates a million dollars.

Two years ago Regina was made a distributing railway centre with all the freight rate advantages the status implies. The result was not slow to show itself. Rates went lower than in the United States. The big implement firms of Canada and the United States erected warehouses and wholesale houses are locating sites. At present there are two foundries, two planing mills, a furniture and fittings manufactory, steam laundry, pork packing plant and flour mill, two brick yards and some minor undertakings, which form the nucleus of a manufacturing community.

The financial statement of the city for the year 1904 has

Assets	\$357,130.62
Liabilities	288,663.70

Surplus over liabilities	\$568,516.92
--------------------------	--------------

Assessed value real and personal property	\$2,219,110

FOR RHEUMATISM

USE

Dr. King's Lightning Cure

Brookdale, Mar. 24, 1906.
 This is to certify that I was treated with this medicine in one arm and on leg. I can do my work on without help, and was lame very much. The bottle of Dr. King's Lightning Cure is placed in my hand.
 Signed, Dr. King.

FOR RHEUMATISM

USE

Dr. King's Lightning Cure

Brookdale, Man., May 15th 1905.
 This is to certify that I was troubled with Rheumatism in one arm and one leg. I could not get my coat on without help, and was some very lame. One Bottle of Dr. King's Lightning Cure completely restored me.
 Signed, JENSON TARR.

SASKATOON, Saskatchewan

(See also Nutana and Riverside.)

An incorporated town on the
 north side of the South Saskatchewan
 River, on the Prince Albert
 branch of the C.P.R., 160 miles
 north of Regina, and 87 miles from
 Prince Albert. Has telephone ex-
 change, flour mill and machine shop,
 five churches and public school,
 newspaper and three chartered
 banks.

Saskatoon is the divisional point on
 the Prince Albert branch of the C
 P R., and is the proposed crossin-
 of the Kirkella & Wetaskiwin ex-
 tensions, construction of which both
 ways from Saskatoon is expected to
 commence shortly

The main line of the C.N.R. is
 about 17 miles northwards.

Riverside village adjoins the town
 on the west, just across the C.P.R.
 tracks. The village of Nutana lies
 on the south bank of the river, and
 was formerly the old townsite of
 Saskatoon.

Population, 1905—2 500

Elevator capacity—75,000 bushels

Town Officials.

Mayor—Malcolm Isbister

Secy-Treasurer—Adam Turner, J P

Council—Allan Bowerman, Benjamin

Postmaster—Thomas J. Connell.

SELKIRK, Manitoba.

An incorporated town on the west bank of the Red River, 22 miles north of Winnipeg. Has the largest fish hatchery in the Dominion; the provincial insane asylum, county court and registry office and customs are located here. The terminus of the Selkirk branch of the C.P.R. Selkirk is the head of the deep water navigation. The North west Navigation Co.'s boats run between here and Grand Rapids, there are two saw mills, two planing mills, four fishing companies, Bell telephone and electric railway connection with Winnipeg, telegraph and express offices. Mails from Winnipeg daily and return. There are churches of all denominations and public schools.

Best Salt Glazed **Vitrified Sewer Pipe**

for draining low lands is invaluable; it will transform useless boggy land into the most fertile and productive soil.

Is impervious to the action of FROST or WATER. A piece of vitrified pipe buried underground a thousand years will be in as perfect condition as when first put in.

FOR ROAD CULVERTS AND SMALL BRIDGES

it is beyond comparison. Being indestructible, when once laid, it is there for all time, which makes it the cheapest material for this purpose.

FOR WELL CURBING

it is unequalled. It prevents surface water from getting into the well, and is cheaper and better than iron pipe.

All orders promptly attended to.
Special quotations on Carload Lots.

STRATHCONA, Alberta.

An incorporated town at the northern terminus of the Edmonton Branch of the Canadian Pacific Railway, 192 miles north of Calgary. It is situated on the south bank (high and level, 200 feet above the water) of the North Saskatchewan River, opposite Edmonton, from which it is distant about 3 miles. The Edmonton, Yukon & Pacific Ry., a section of the Canadian Nor-

thern, also connects with Edmonton.

Strathcona is the point of distribution for a wonderful agricultural district. Our rich heritage is a vast area of land of marvellous fertility which under cultivation produces grain and vegetable crops unsurpassed in quality and yield. Oats, wheat and barley are the staple grains. The average yield per acre for these in Northern Alberta is: Wheat, 25 bushels, oats, 60 bushels, barley, 40 bushels. Yields of 100 bushels per acre of oats are common. Flax does well. Potatoes and all kinds of vegetables yield immensely.

Ranch cattle are most profitable. Dairying is one of the best industries we have. Pork is cheaply produced.

The immense coal deposits of the district supply cheap fuel. Timber suitable for lumber—mostly spruce and tamarac—is abundant up the Saskatchewan River.

A modern steam plant furnishes 1200 candle power arcs for street lighting and incandescent lamps for domestic use. There is fire equipment with a volunteer brigade of about 50 men.

Plenty of good water, both for domestic and steam producing purposes, is obtainable anywhere.

The main streets of the town are paved with the gravel railings of one of the big gold dredges which operated on the Saskatchewan River just in front of the town.

A branch office of the Edmonton telephone system connects with Edmonton, St. Albert, Morinville, Fort Saskatchewan and other local points and a long distance line to Calgary and intermediate points.

The local agricultural society has a fine driving and athletic park in the suburbs, which makes splendid re-

River (below the Chutes) for
freighting flour. The mills here
supply flour for all the northern H.
B. Co.'s posts. The Hudson's Bay
Co are building a steamer (stern
wheeler, 60 h.p., prop. 120 feet), to
run from Vermillion Chutes, 50 miles
east to Hudson's Hope, 236 miles
west of Peace River Crossing. To-
tal distance, 561 miles. The H.B.
Co.'s mill furnishes electric light.

GAZETTEER AND DIRECTORY.

Virden 1049

VIRDEN, Manitoba.

The town of Virden is on the main line of the C.P.R., 180 miles west of Winnipeg, 48 miles west of Brandon, and is one of the prettiest and most attractive places in the province. It was incorporated as a town in 1904. Has an excellent fire brigade, well equipped. One of the prettiest sights along the railway is the beautifully kept garden and park at the station, which is maintained at the joint expense of the C.P.R. Company and the town. The natural location of the town is very fine. The elevation is some 40 feet above the level of the creek, with a gentle slope to the south and west, so that there is a perfect natural drainage. Pure spring water is obtained at an average depth of 16 feet, the quality of which is unsurpassed in the country. The town is becoming an important commercial and railway centre, the C.N.R. having just completed their new line from Hartney, which with the C.P.R. gives the town the advantage of two systems. It is one of the finest wheat areas in the province, the live stock and dairy interests are assuming large proportions. Some of the best-known breeders of pure-bred stock live in this district.

Wetaskiwin 1065

gary and 40 miles south of Edmon-
ton Has daily mails. The town
comprises all lines of business usual
to a progressive town, including
two weekly newspapers, three char-
tered banks, seven churches, public
school, four elevators and flour mill.
It is the centre of a large, well-set-
tled district where mixed farming
and ranching are making the com-
munity prosperous.

The Wetaskiwin branch of the C.
P.R., extending eastwards, will
open up an immense tributary fer-
tile territory for settlement. It is
believed that this branch will even-
tually extend eastwards to Saska-
toon and connect with the Kirkella
branch.

Electric lighting plant (steam) op-
erated by the corporation, supplies
light for street and domestic use.
A supply of excellent water is ac-
quired from drilled wells at a depth
of 150 feet.

Best Salt Glazed

Vitrified Sewer Pipe

for draining low lands is invaluable; it will transform useless boggy land into the most fertile and productive soil.

Is impervious to the action of FROST or WATER. A piece of vitrified pipe buried underground a thousand years will be in as perfect condition as when first put in.

FOR ROAD CULVERTS AND SMALL BRIDGES

It is beyond comparison. Being indestructible, when once laid, it is there for all time, which makes it the cheapest material for this purpose.

FOR WELL CURBING

It is unequalled. It prevents surface water from getting into the well, and is cheaper and better than iron pipe.

All orders promptly attended to.
Special quotations on Carload Lots.

FOR RHEUMATISM

USE

Dr. King's Lightning Cure

Brookdale, Man. Ma. 18th 1905.
 This is to certify that I was troubled with Rheumatism in one arm and one leg. I could not get any relief without help, and was lame very far. One bottle of Dr. King's Lightning Cure completely restored me.
 Signed, B. S. T. ZEN.

FOR RHEUMATISM

USE

Dr. King's Lightning Cure

Brookdale, Mass. May 18th 1922.
 This is to certify that I was troubled with rheumatism in one arm and one leg. I could not get a good rest without help, and was lame very badly. One bottle of Dr. King's Lightning Cure completely restored me.
 Signed, J. H. S. T. B. C.

MAIL ORDER NEWS

THE PROPER PLACE TO BUY

We are supplying goods to people in every part of Canada, to people who have learned the advantages of dealing with a great store, a store that can supply everything that is required in the home, that guarantees everything it sells, and that fills orders promptly and carefully.

People have found that in buying from us they have an endless variety to select from, and our prices are only possible on account of our buying for cash from the producers, and on account of our making most of the garments we sell in our own factories.

WRITE FOR OUR CATALOGUE

To assist out-of-town customers we have prepared a catalogue which contains a list and description of what we sell, together with our prices. It describes and illustrates the latest and most popular fashions and cost a lot of money to prepare, but we send it free to all who ask it. We publish four annually, and always send the latest. A postal card with name and address is all that is necessary.

THE T. EATON CO. LIMITED
WINNIPEG - CANADA

MAIL ORDER NEWS

ABOUT OUR CLOTHING

Our clothing, both for men and women, is made in our own factories from materials bought direct from the manufacturers for cash. By buying we save all middlemen's profits, and every saving

Remember, everything we sell carries our guarantee. Money refunded if not satisfied.

Our Catalogue contains descriptions and prices of the many lines we carry and it is yours for the asking. We always send the latest and polished

FOR RHEUMATISM

USE

Dr. King's Lightning Cure

Brookdale, Man. May 18th 1905.
 This is to certify that I was troubled with Rheumatism in my arm and one leg. I could not get my coat on without help, and was lame, very lame. One Bottle of Dr. King's Lightning Cure completely restored me.
 Signed, Best Switz. M.R.

FOR RHEUMATISM

USE
Dr. King's Lightning Cure

Brookdale, Man., May 13th 1905.
 This is to certify that I was troubled with rheumatism in one arm and one leg. I could not get my coat on without help, and was lame. Very fine. One Bottle of Dr. King's Lightning Cure completely restored me. Signed, B. J. S. C. B.

FOR RHEUMATISM

USE

Dr. King's Lightning Cure

Brookdale, Mass. May 19th 1905.
This is to certify that I was troubled with Rheumatism in one arm and one leg. I could not get my coat on, without help and was lame very much. One bottle of Dr. King's Lightning Cure completely restored me.
Signed HENRY T. ZIEGLER

O'Dwyer Cornelius Rev pastor St Mary's Church cor Hargrave & St Mary's

FOR RHEUMATISM

USE

Dr. King's Lightning Cure

Brookdale Man. May 18th 1905
 This is to certify that I was troubled with Rheumatism in my right and one leg. I could not get my coat or do about house, and was lame very lame. One bottle of Dr. King's Lightning Cure completely restored me.
 Signed, BEN SCHWAB

FURNACES

Registers, Etc.

THE LARGEST STOCK of Furnaces and Registers in Canada is carried by us at Winnipeg, shipments being received every week all sizes constantly on hand. We can assure our customers prompt shipment.

Our line of NEW IDEA furnaces has had a phenomenal run during this season, and as we are prepared to guarantee every furnace made by us when properly installed, we expect and are preparing for a much greater demand. Place your orders with us.

TILDEN, GURNEY CO., Limited
WINNIPEG, MAN.

I. WALTER MARTIN, Manager

THE 'SOUVENIR' Stove Works

GURNEY, TILDEN & CO., Ltd., Hamilton, Ontario, is the standard stove foundry of Canada, ever alive to the requirements, constantly active in producing new lines, alive to the necessity of persistent search for improvement, and with an efficient staff behind them, they have been able during the past sixty years to keep far in advance of all competitors, and today, being alive to the requirements of Canada and the necessity of promptness in filling orders, have increased their producing powers by 25 per cent, have increased their storage capacity AT WINNIPEG 100 per cent, and every inch of space will be filled with stock

The dealer will recognize the advantage of having his orders filled promptly. We can give your orders prompt shipment and solicit your trade.

Dr. King's Lightning Cure

Brookdale Man, May 18th 1906.
 This is to certify that I was troubled with Rheumatism in one arm and one leg. I could not get my coat on without help, and was lame, very lame. One Bottle of Dr. King's Lightning Cure completely restored me.
 Signed, BEN SWITZER.

FOR RHEUMATISM

USE

Dr. King's Lightning Cure

Brookdale, Man. May 15th 1905.
This is to certify that I was troubled with Rheumatism in one arm and one leg. I could not get my coat on without help, and was lame, very lame. One bottle of Dr. King's Lightning Cure completely restored me.
Signed, BEN SWITZER.

FOR RHEUMATISM

USE

Dr. King's Lightning Cure

Brookdale, Man., May 12th 1900.
 This is to certify that I was troubled with Rheumatism in one arm and one leg. I could not get my coat on without help, and was lame very lame. One Bottle of Dr. King's Lightning Cure completely restored me.
 Signed, BEN SWATZKE

FOR RHEUMATISM

USE

Dr. King's Lightning Cure

Brookdale, Man. May 18th 1905.
 This is to certify that I was troubled with Rheumatism in one arm and one leg. I could not get my coat on without help, and was lame very much. One Bottle of Dr. King's Lightning Cure completely restored me.
 Signed, BEN SWITZEND

DALTON & GRASSIE, 507 Main St.
 opposite City Hall. Phone 1537

FOR RHEUMATISM

USE
Dr. King's Lightning Cure

Brookdale, Man., May 12th 1935.
 This is to certify that I was troubled with Rheumatism in one arm and one leg. I could not get my coat on without help, and was lame very lame. One Bottle of Dr. King's Lightning Cure completely restored me.
 Signed, BEN SWEETMAN.

FOR RHEUMATISM

USE

Dr. King's Lightning Cure

Brookdale, Man. May 13th 1907.
 This is to certify that I was troubled with Rheumatism in one arm and one leg. I could not get my coat on without help, and was lame. Very lame. One Bottle of Dr. King's Lightning Cure completely restored me.
 Signed, BEN SWITZER.

Are you in need of any article in the Hotel Equipment line?

Do you want to buy or sell a hotel?

We are at your command No Trouble. Glad to serve you

Write us and state your wants

We will contract to furnish your Hotel or Restaurant complete in all de-
partments supplying you with full information regarding goods and prices
The goods we handle are manufactured especially for Hotel and Restaurant
trade.

We can save you the expense of visiting the different cities, and will posi-
tively sell you the same goods for less money than you can buy them for.
Allow us all the time you can and we will surprise you in results

Dr. King's Lightning Cure

Brookdale, Man. May 13th 1905.
This is to certify that I was troubled with Rheumatism in one arm and one leg. I could not get a ray of light on without help, and was lame very lame. One bottle of Dr. King's Lightning Cure completely restored me. Signed, BEN SWITZER.

FOR RHEUMATISM

Dr. King's Lightning Cure

Brookdale, Man. May 18th 1906
This is to certify that I was troubled with Rheumatism in one arm and one leg. I could not get my coat on without help, and was lame very lame. One bottle of Dr. King's Lightning Cure completely restored me.
Signed, BEN SWITZER.

FOR RHEUMATISM

Dr. King's Lightning Cure

This is to certify that I was troubled with Rheumatism in one arm and one leg. I could not get my coat on without help, and was lame very lame. One bottle of Dr. King's Lightning Cure completely restored me.
 Signed, BEN R. TZER.

Deal only with well-known publishers when giving orders for Directory advertising.

Read all Orders carefully before signing, and do not sign duplicate "vouchers," as they are invariably used fraudulently.

Pay No Money in Advance. All well-known publishers instruct their men to collect nothing prior to publication, and any attempt to collect needs immediate investigation.

**See that Your Order reads
Henderson Directories.**
